

Copyright Laws Assignment

Name: _____

Assignment: After reviewing and discussing the copyright laws as they deal with education and multimedia components, you will need to write a report or create a presentation for your teacher.

Option 1:

Write a one and half page, double-spaced report summarizing copyright laws and they effect teachers and students. Site specific examples of how these laws work. Include the amounts of specific works that may be used and under what conditions.

Your font size may be no larger than 12 point.

You will need a cover sheet for your report that includes your name, Multimedia Applications, Copyright Report, Date, and your teacher's name.

Option 2:

Create a fifteen slide presentation in Power Point summarizing copyright laws and they effect teachers and students. Site specific examples of how these laws work. Include the amounts of specific works that may be used and under what conditions.

Make the topic appealing in the presentation.

Use your own judgment when selecting appropriate graphics and backgrounds. No sound/music will be necessary. You do need to include transitions.
